Pets on Wheels of Connecticut believes that no one should be denied their own pet. Many people have given up all hope of having their own cat or dog when faced with the cost of adoption and veterinary care.

Your donation will help place rescued dogs and cats in homes with individuals in need of the unconditional love that only a pet companion can provide.

Cromwell, CT 06416

Pets on Wheels of Connecticut provides financial assistance and transportation for a person in need to adopt their own cat or dog from a local rescue shelter.

Too often, those most in need of the love and comfort that a pet can provide are unable to afford the necessary vet care needed to keep the animal healthy and happy. Tasks such as getting to the rescue shelter or transporting a pet to the vet can be impossible without access to animal-friendly transportation.
